EXPERIENCE

MERN Stack Development Intern - Accelerlab solutions | 01/05/2024 to Present
- Learning MERN Technology: Mastering MongoDB for data, Express.js for APIs, React.js for interfaces, and Node.js for server logic.
- Additional Tools: Exploring JWT for secure login, using Postman for API testing, and enhancing UI with Material-UI and Styled Components.

Web Development Intern - Academor | 01/07/2023 to 31/08/2023
- Interned as a Full Stack Web Developer, gaining expertise in JavaScript, React.js, Node.js, and Bootstrap.
- Learned how to design websites that look good on phones, tablets, and computers using CSS and Bootsrap.

PROJECTS

Freelance HUB - Freelance Marketplace
May 2024 - June 2024
- MERN Stack: Used MongoDB for data, Express.js for APIs (AXIOS), React.js for interfaces, and Node.js for server tasks.
- Material-UI, Shadcnui: Adds ready-to-use React components for a smooth and adaptable user interface.
- Tailwind CSS: Ensures designs are responsive, making the platform look great on any device.

Portfolio Website - _Live Demo_
June 2024
- Developed a portfolio using React to ensure seamless navigation and efficient page routing.
- Integrated Toastify for user-friendly notifications and utilized EmailJS for streamlined contact form functionality.
- Designed the interface with Material-UI components and ensured responsiveness with Tailwind CSS.

Master Of Computer Application	Bachelor Of Computer Applications	SSLC
St Joseph Engineering College Manglore	**SDM College of Bussiness management - Manglore**	**Karnataka Secondary Education Examination Board**
2022-24	2019-22	2017
CGPA: 7.8/10	aggregate:68%	aggregate:82%
